

GPS Advertising Opportunities

Here in the Lakes Country of Northeastern Indiana golfers are discovering Glendarin Hills Golf Club, a resort style course with the kind of variety and playing adventures that you can expect to find in the best vacation spots.

With over 18,000 rounds in 2016, Glendarin Hills GPS systems provide a remarkable opportunity for advertising both goods and services to upscale consumers.

The bright 10.2 inch, high resolution, color, touch screen is mounted to the front of the cart, directly in front of the two occupants and provides an average 14 minutes of ad exposure on each hole. And at a fraction of the cost of print ads, it's an affordable way to reach affluent consumers in a relaxed environment, on the course, from the first tee to the clubhouse.

Annually, thousands of avid golfers come to play Glendarin's challenging course; take advantage of this unique advertising opportunity with the Visage GPS System.
